

Year 12 Textiles Transition work

I would like you to choose a decade and research into the fashions and styles of that particular era. Then produce the following:

1. Create a mood/inspiration board of inspiration from that particular era. This could be particular styles or outfits people wore, key pieces created by a specific designer, images relating to specific fashions.
2. Produce an information sheet about your chosen era, what fashion styles were popular for both men and women, and what was influencing fashion at that time.
3. Produce a fact sheet about a specific designer who was prevalent in that particular era. E.g. Mary Quant in the 60s, Dior in the 40s/50s, Coco Chanel in the 20s etc.
4. Design a capsule collection inspired by your chosen era and designers. This should include 3-6 fashion illustrations inspired by key pieces from that specific era.

Work should be presented creatively in your own way. This could be A3 boards, a sketchbook, paper, or online if you'd prefer!

Please hand your work in during the first week back to school in September.

Eras:

Possible designers:

Paul Poiret

Mary Quant

Coco Chanel

Christian Dior

Alexander McQueen

Yves Saint Laurent

Pierre Cardin

Vivienne Westwood
