LSST

ANSWERS

Age Range	Age Category	Physical Events	Intellectual Events
0-2	Infancy	Development milestones e.g. primitive reflexes, climbing furniture, building a small tower with blocks.	Cooing and babbling noises. Beginnings of the use of language.
3-8	Early Childhood	Development of gross motor skills e.g. balancing on one foot, learning to skip and ride a bike.	Use clear sentences, share stories and rhymes, play word games and riddles.
9-18	Adolescence	Development of primary and secondary sexual characteristics... puberty.	Read a wide range of books. Discuss ideas and deliver presentations.
19-45	Early Adulthood	Physical strength peaks, pregnancy and perimenopause.	Apply knowledge they have gained during their life. Think logically and find realistic answers.
46-65	Middle Adulthood	The menopause, changes in body shape e.g. increased waistline and loss of skin elasticity.	Apply knowledge they have gained during their life. Think logically and find realistic answers. Though there may be a gradual decline in processing speed.
65+	Later Adulthood	Deterioration of health e.g. losing up to 5cm in height, visual and hearing problems, reduction in muscular strength.	Longer to learn and recall information. Memory lapses.

Activity Part 3

Use the sorted cards to improve your original timeline.
